

ADMIRAL DEWEY  
HOMEWARD BOUND

Olympia Left Manila Bay  
This Morning.

THE PARTING SCENE WAS AN  
INSPIRING ONE.

All Ships in the Waters in Which the  
Hero Was Made Famous, Were  
Gaily Decorated and as the Flag  
Ship Proudly and Slowly Picked Her  
Way Each Vessel Fired the Ad-  
miral's Salute—Crews Frantically  
Cheered, While Bands as With One  
Accord, Played "Home, Sweet  
Home"—To Reach New York  
4pm.

Manila, May 20.—[Special]—Admiral  
Dewey has started for home.

The Olympia left the bay this after-  
noon, steaming out between the Bal-  
more and Oregon.

The scene as the admiral left the  
waters in which he made himself famous,  
was an inspiring one.

All the ships were gaily decorated and  
as the Olympia proudly and slowly  
picked her way through the bay, each  
vessel fired the admiral's salute.

The crews stood at their quarters and  
cheered frantically while the bands  
as with one accord played "Home, Sweet  
Home."

Throughout the great ovation the ad-  
miral stood uncovered on the quarter  
deck of the Olympia.

The Jackies on the British cruiser  
Powerful manned the rigging as the  
Olympia passed and gave three ringing  
cheers for the admiral.

Dewey expects to reach New York by  
July first.

No Word From President Schurmann.

Washington, May 20.—[Special]—  
The state department officials are still  
persistent in the assertion that nothing  
has been received from President Schur-  
mann, of the Philippine commission, in  
more than two weeks, but some ques-  
tion the statement.

It is hinted that detailed reports have  
been received, but they do not picture  
the pending peace negotiations in rose-  
ate hues.

The Filipinos have not clearly de-  
monstrated their sincerity in all the  
transactions which purport to be in the  
direction of pacification and it is be-  
lieved that Secretary Hay has some val-  
uable information on the subject than  
even the war department.

Visit From Commissioners

Washington, May 20.—[Special]—The  
following was received from Gen. Otis  
this morning: "The commissioners from  
Aguinaldo arrived this morning. They  
wish to consult with the United States  
commissioners which they will do Mon-  
day. Their power is limited and is ap-  
parently relative to armistice conditions  
precedent to negotiations. Aguinaldo  
wishes a cessation of hostilities to ascer-  
tain the desires of the Filipino people."

Express Desire For Peace

Manila, May 20.—[Special]—The  
Nebraska regiment, which recently peti-  
tioned for respite, having fought and  
marched continually since the breaking  
out of hostilities are returning to Manila  
today for a rest.

A thousand natives are entering Mala-  
bon and other points near Manila. All  
express a desire for peace.

Manila, May 20.—Gen. Del. Pinar and  
Graciano Gonzales, a member of the Phi-  
lipino cabinet; Lieut.-Col. Alberto Bar-  
retto, military advocate, and Major  
Zalcita, a member of Aguinaldo's  
staff, arrived here this morning to co-  
operate with Florentino Torres, Pablo  
Ocampo and Theodor Yanco, residents  
of Manila, as a commission to nego-  
tiate peace. They are now holding a  
consultation.

The Filipino envoys have been given  
power to accept autonomy under an  
American protectorate. The idea is to  
have a government much like that of  
Canada, with the United States  
standing toward the Philippines in  
about the same position as Great  
Britain does toward that colony.

Major Kobbé remains at Candaba,  
awaiting orders to advance up the  
river to meet Gen. Lawton, who is  
marching south from San Isidro. Gen.  
MacArthur remains at San Fernando.

Brig.-Gen. Funston has relieved  
Gen. Wheaton, who is to be assigned  
to the command of a new expedition.

The Thirtieth Minnesota Infantry  
has been withdrawn from the front to  
allow the men to rest.

The Nebraska regiment returned to  
Manila for a rest, having been on the  
firing line since Feb. 4. The regi-  
ment participated in twenty-seven en-  
gagements, including skirmishes, and  
lost 225 killed and wounded.

NO FURTHER NEWS FROM OTIS.

His Next Dispatch Is Expected to Tell  
of Aguinaldo's Surrender.

Washington, May 20.—No further  
advice from Gen. Otis regarding the  
peace overtures of Aguinaldo have  
been received. The war department  
does not expect any further report  
from Otis until after his conference  
with insurgents' representatives. No

new instructions have been sent to  
Gen. Otis, as he has full power to  
deal with the situation. His only in-  
structions from the president are that  
there can be no division of authority  
in the Philippines. The authority of  
the United States must be supreme and  
all other government there subordinate  
to it.

With these brief instructions Gen.  
Otis has made it clear to the insur-  
gents that their so-called republic can-  
not be recognized by him, and that  
there must be unconditional surrender,  
but he promises them general amnes-  
ty. It is assumed that Gen. Otis will  
insist upon unconditional surrender  
now, as he did several weeks ago, and  
it is not expected that he will report  
until he can state whether the newly  
appointed envoys of Aguinaldo accept  
or reject this demand.

Long Receives News

Washington, May 20.—[Special]—  
Secretary Long this morning received a  
cablegram from Manila, announcing

Barker has assumed command of the  
fleet.

SUPT. EARHLING TELEGRAPHS  
GOOD NEWS.

Wrecking Crew Has Commenced the  
Clearing Away of the Debris in  
Front of the Ford Mill—Section  
Hands Ordered From the Scene of  
Trouble This Afternoon.

Supt. H. B. Earhling, of the Mineral  
Point division of the Chicago, Mil-  
waukee & St. Paul railroad, sent a telegram  
at 1:30 o'clock this afternoon from Mil-  
waukee to Attorney A. A. Jackson and  
Road Master John Murphy, notifying  
them that all differences between the  
Milwaukee and the Chicago & North-  
western railroad over side track territory  
in Janesville was settled today.

Road Master Murphy at once gave  
orders for the clearing of the side tracks  
and soon three engines and several box  
cars were removed to the local yards.

Steps have already been taken towards  
the clearing away of the wreckage in  
front of the flouring mill operated by  
the Ford Milling company.

One hundred men who were guarding  
the interests of the Milwaukee road  
during the past week were also ordered  
from the scene of trouble this after-  
noon.

By the agreement reached today, it  
does not allow the Northwestern to  
make track connections on North River  
street.

That question must be settled by  
the roads or in the courts.  
No more trouble is now anticipated,  
and North River street is as quiet  
as of old.

the first onslaught, the Americans only,

the British council of personally setting  
fire to huts and shooting woman and  
children.

Fix Up a Plan for Reed.

Washington, May 20.—Several re-  
publican representatives have planned  
a spectacular retirement for Speaker  
Reed and the programme awaits only  
the consent of the man to be honored.  
Representative Bromwell of Cincinnati  
has written to Mr. Reed and awaits  
his reply. It is proposed by these en-  
thusiasts to have Mr. Reed accept a re-  
election as speaker unanimously at  
the commencement of the next con-  
gress, organize the house by naming  
committees, etc., and then resign Jan.  
1 in a blaze of glory and in a very  
formal manner.

People here familiar with Mr. Reed's  
characteristics believe he will refuse  
to acquiesce in the plan.

BEAVER DAM MAN  
COMMITTS SUICIDE

ADDISON PARKER, A WELL  
KNOWN RESIDENT THERE.

City Hall at De Pere Destroyed By  
Fire—Two Thousand Volumes in  
Public Library Lost—Scherbarth,  
the Portage Wife Murderer, Sen-  
tenced—Given Sixteen years.

Beaver Dam, Wis., May 20.—Addison  
Parker, aged fifty-two, committed sui-  
cide last night in a shed on the fair  
grounds by shooting himself through  
the right temple. He was found with  
the revolver clamped in his right hand.

No cause can be assigned, as he was  
always cheerful and hopeful. Three  
years ago he was thrown from a buggy  
and picked up for dead, having suffered  
an injury from which it took a year to  
recover. After that he was subject to  
occasional spells bordering on insanity.

He was a brother of Alderman Ed-  
ward Parker and William Parker, a noted  
breeder of fine sheep.

De Pere Suffers Loss By Fire

De Pere, Wis., May 20.—The east side  
engine house and city hall burned last  
night. The fire caught in a room used  
for storing oils.

The upper floor was used for a coun-  
cil room and clerk's office and also for a  
public library. The damage to the  
building is nearly total.

Not a great many books were de-  
stroyed, but they were all more or less  
damaged. There were about 2,000 vol-  
umes with an insurance of \$700. The  
total loss is \$3,000.

The engine house was in flames be-  
fore the engine could be gotten out and  
it was only with difficulty that it was  
saved and could be put in use to pre-  
vent the total destruction of the build-  
ing. The entire interior work of the  
building was burned, but the brick walls  
still stand and will be overhauled. The  
documents belonging to the city were  
stored away in a vault and did not  
suffer. The library was formerly owned  
by an association and two years ago was  
turned over to the city.

who might present them for baggage.  
An unknown man came here and gave  
one of the checks to a drayman, telling  
him to get his baggage, but the officials  
had been waiting for him and immedi-

German Demands in Austria.

Berlin, May 20.—The national polit-  
ical programme of the Austrian-Ger-  
man party has been arranged at Vi-  
enna. It demands the recognition of  
the German language in the army, in  
parliament and in administration cir-  
cles, the legalization of the German-

Berlin, May 20.—The failure of the

THE SITUATION AT  
HAVANA ALARMING

Cubans Refuse to Surrender  
Their Arms.

UNCERTAINTY AS TO ACTION  
AT WASHINGTON.

Feeling Among Natives Is Too Bitter  
to Let Them Give Much Ear to the  
Pacific Proposals of Gen. Gomez—  
Many Soldiers Leaving Havana and  
Taking to the Woods—American  
Residents Alarmed As to What Is  
Really Their Duty Unprotected Since  
the Withdrawal of Volunteer Troops  
—Protest to McKinley.

Havana, May 20.—[Special]—The  
situation here is causing great anxiety.  
The majority of Cuban soldiers still  
refuse to surrender their arms to the  
Americans and the uncertainty as to  
the action of the American government in  
the matter, leaves Gen. Brooke's arrange-  
ment for the handing over of the arms  
to the mayors in the air.

Feeling among the Cubans is too bit-  
ter to let them give much ear to the  
pacific proposals of Gen. Gomez.

Already many of the Cuban soldiers  
are leaving Havana and taking to the  
woods.

The American residents are alarmed  
at what is really their unprotected po-  
sition here, since the withdrawal of volun-  
teer troops and a depletion of the regu-  
lar regiment. A protest to McKinley  
against further withdrawal of troops be-  
ing prepared.

was the reading of the famous Mc-  
Giffert letter. He entered a general  
denial of the charges brought

of remaining in the church until put  
out. The letter was greeted with ap-

# CANCER IS DEADLY!

**Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.**

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. IDOL, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.

## DEATH OF J. F. POTTER.

One of Wisconsin's most sturdy and picturesque characters was removed by the death, at East Troy, of John F. Potter, of anti-slavery fame and a former congressman. Mr. Potter was one of the founders of the republican party. He served three terms in congress, from 1857 to 1863. In 1860, after Owen P. Lovejoy's speech in congress concerning the assassination of his brother, Elijah P. Lovejoy, Mr. Potter at the close of an angry discussion with Roger A. Pryor, was challenged to a duel by the latter. Mr. Potter chose bowie knives as weapons, which were promptly objected to by the other side, and in consequence the matter was dropped. From the time of this incident Potter was given the sobriquet of "Bowie Knife" Potter.

## BRYAN IN 1900.

The Chicago Chronicle discusses W. J. Bryan's political status in a sarcastic vein, saying that Bryan is the very incarnation of the 16 to 1 theory, and that it would make no difference whether the platform declared for or against silver.

"If Bryan be renominated there will be very little discussion of the platform," says The Chronicle. "Bryan himself will be the party's declaration of principle, and with Bryan renominated there can be no reasonable doubt that he will carry in the electoral college the votes of Texas, Arkansas, Alabama, Mississippi, Virginia, Georgia and at least one of the Carolinas."

"Mr. Bryan's strength as a presidential factor in 1900 ought not to be underestimated."

## ABOUT GEN. HARDEN.

Gen. Henry Harnden, the new department commander of the Grand Army of Wisconsin spent his early life at sea. At the outbreak of the Mexican war he enlisted in the transport service and assisted in bringing the wounded home from Palo Alto. He married in 1848 and two years later he settled on a farm in Jefferson county. He enlisted as a private in the First Wisconsin cavalry when the civil war broke out, and was a brigadier general at the end of the war. He rendered conspicuous services, being one of the captors of Jefferson Davis. Gen. Harnden is now seventy six years old, and is still hale and hearty. For several years he has made his home at Madison.

The Jefferson Record, silver, asks the question "Is a man still a democrat when he bolts the democratic ticket?" and The Milwaukee Journal answers with this interrogation "Is a man still a democrat when he bolts the democratic ticket and supports the populist ticket?" All of which goes to show that the democratic brethren have a hard task to classify each other these days.

Now that ex Senator Peffer of Kansas, has renounced populism and become a republican, we would respectfully suggest that he show his good faith by having his whiskers trimmed to correspond. As long as he carries his present hirsute crop, it will be difficult for him to convince people that he has really "seen the light."

The St. Paul railway company ought to give Engineer Otto Schicker a "brevet of the next higher rank." When he ran his engine through the obstruction at the crossing he demonstrated that he was the Funston of the River street war, and was not afraid to take risks to carry out his orders to "storm the enemy's works."

The lamp chimney trust will doubtless be an enlightened organization.

Kansas plans to Deweyize Gen. Funston on his return from the war.

Delegates were present from various cities throughout the state, including Milwaukee, Madison, Eau Claire, Janesville and Green Bay. L. C. Pease of Columbus, Ohio, member of the executive committee of the supreme council and organizer, is also in attendance.

Yesterday afternoon the following officers were elected: Grand counselor, C. B. Evans, Janesville; junior counselor, F. W. Sisson, La Crosse; past grand counselor, E. R. Foster, Eau Claire; grand secretary, G. G. Lange, La Crosse; conductor, Manley J. Hemmens, formerly of Janesville, but now of Green Bay; grand page, C. G. ## LOCAL EVIDENCE.

One Line of Janesville Evidence is Worth a Column of Foreign Testimony.

Make a mental note of this. The endorser is well known in Janesville. His veracity is unquestioned. You are reading local evidence. Investigating home testimony. Janesville news for Janesville people. Suspicion can't lurk around it. Honesty is its prominent characteristic.

Home endorsement its salient point. Mr. Thos. Platt of 281 South Main St. says: "I doctored off and on for forty years, attempting to rid myself of backache, which came on by spells, very painful when at their height and even when somewhat allayed, the dull aching grinding was sure to manifest itself. If I overtaxed myself, caught cold or did any work which brought a strain on the muscles of the back. Often I have been so lame and sore that there were days I was confined to my room almost helpless, certainly unable to get up or down. Like a great many other people in Janesville I procured Doan's Kidney Pills at the Janesville Co's. drug store, led to do so by the peculiar advertisement which riveted my attention. After taking a thorough course of the remedy I was able to go to the quarry and sling an eighteen pound hammer without showing any signs of a recurrence. If I am subjected to future attacks I know what remedy to employ."

Doan's Kidney Pills are for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the name Doan's and take no other.

# The Dentifrice

In selecting a Dentifrice, avoid all preparations which are advertised for whitening the teeth, as to do that they must contain an acid, which will in time destroy the enamel. All that any good dentifrice can do is to keep the teeth clean. Liquid preparations are ineffectual, because in order to keep the teeth clean it is necessary to have the friction of a powder. The American Dental Association at its meeting in Boston, condemned the use of mouth washes in any form. The ideal dentifrice should be a powder which is entirely free from acid and sharp, gritty substances, such as charcoal, cuttle bone, pumice stone and silex, all of which are too harsh and cutting to the enamel to be in daily use.

## "The Prentice Tooth Powder"

Is prepared from select material and the ingredients are harmless, simple and effective. It is endorsed by the highest dental authorities as the ideal dentifrice.

## LEYDEN FARMERS FOUGHT LAST NIGHT

### ALLEGED CAPTURE OF THIEF IN ACT OF STEALING.

Henry Horock Says That He and His Hired Man, Michael Collins, Had a Rough Night Of It—Collins Had Head Badly Bruised—Want War, rants.

Henry Horock and James Boss, well known farmers of the town of Janesville, walked into the municipal court this morning and requested that a warrant be sworn out for the arrest of Michael Collins, of the town of Janesville.

Horock alleges that he captured Collins and his wife last night while they were in the act of stealing oats from his barn.

In telling his tale of woe to the court this morning Horock said:

"For some time past I have been missing oats from my barn and I have suspected my hired man, Mike Collins. Last night at 10:30 o'clock James Boss and myself hid in the barn near the oat bin. We had been there but a short time, when the barn door opened and in walked Mrs. Collins with lantern in hand. Mike Collins, her husband, followed close after, and once inside they both made for the oat bin, and Collins commenced filling a bag. Then Boss and I jumped out and grabbed Collins. He fought, but on promise to reform we let him go."

"About 12 o'clock," continued Horock, "Collins appeared in front of my house and commenced throwing stones through the windows. He then came in and tried to kick our bed room door in. On opening the door we found Collins near by with shot gun. I struck him in the head with a piece of cord wood, and as he fell to the floor we hurried to town to have him arrested."

As Horock was telling his troubles to Judge Fifield, Collins and his wife walked into court to procure a warrant for the arrest of Horock.

Collins' head was tied in bandages and a deep gash was in the back of his head where he had been struck. The interested parties reside at Leyden.

### VETERANS HONOR CAPT. MOORE

Iron Brigade Men Selected Him As Their Leader At Milwaukee

Capt. B. F. Moore, formerly of this city, but now of Pueblo, Col., was highly honored at the Grand Army Encampment at Milwaukee. The Milwaukee Sentinel says:

"In front of the Iron Brigade was carried on high the emblem of the association, and as it turned the corner the people cheered, knowing what the emblem meant. At the head of this section of the division marched Capt. B. F. Moore, of Pueblo, Col., to whom the position was given by common consent, as he had traveled far to see his comrades. Ahead of the marchers was a carriage wherein sat Capt. A. J. Langworthy, president of the Bull Run association; Charles Browning, a veteran of ninety years; W. E. Minshall, the blind song writer, and Major Charles A. Dible. Sixty men were in line with the Iron Brigade, and others of the brigade stood on the sidewalk and watched the parade."

At the conclusion of the parade Captain Moore was presented with the brigade emblem, which trophy he naturally prizes very highly.

The captain is the guest of his daughter, Mrs. Henry Tall. He is now vice president and general manager of the Anna Lee Gold Mining and Town Site company of Custer county, Colorado, which concern is capitalized at \$1,000,000. He has not visited Janesville in some years, but finds old friends by the score just the same.

### WAY EVANSVILLE SEES IT

Why Janesville Objected to Their High School Athletes

The Evansville Enterprise says: Evansville proposed to refer the matter to the proper authority, Mr. Jackson, of Madison, which Janesville proposed to do. The rules admit four year graduates, while the graduate objected to by Janesville is a three year graduate still attending school and perfectly eligible, as any other member from this school. The facts are Janesville proposes to select who shall engage in the games both from this and their own school, regardless of what the proper authorities say, which Evansville will not accept of.

The cup is still in the Evansville school's hands, and will very likely remain there until taken from them fairly and honorably. The meet at Janesville is simply a preparatory meet for the Madison meet, where the final and decisive meet takes place, in which Evansville will take part. Janesville feels a little sore because Evansville took the cup from them last season, and they are afraid that Evansville will be able to retain it unless they can gain some advantage by unfair means.

## CHAIRMAN MOUNT WILL NOT RESIGN

### TO REMAIN AT HEAD OF CITY COMMITTEE.

He Holds, a Close Friend Says, That the Anti-Pass Law Does Not Prevent His Using Newspaper Mileage While Acting as the Leader of Local Democrats.

Chairman Peter J. Mount, of the democratic city committee, does not purpose to either resign that office, or give up the mileage book he receives in exchange for advertising, although it is held, by some, that the anti-pass law will prevent his using such transportation.

"We make this assertion authoritatively, although when Mr. Mount was seen on the street by a Gazette reporter this noon, he did not express himself. One of his close friends, who speaks, it is thought, with the consent of the chairman, talked freely, however.

"Mr. Mount," he said, "is anxious to obey the law as he has strong conscientious scruples in such matters, but he is not satisfied that the law covers his case, although I notice that The Milwaukee Sentinel holds that it does. Mr. Mount argues that he pays for his mileage and hence has the right to use it, even though he is the chairman of the city democratic committee.

"I know that Mr. Mount will bear me out in the assertion that he will gladly surrender the office or the mileage if it can be shown that he should do so. However, I do not see how he can let go. He was appointed chairman by the city convention, and cannot resign his office very well, as there is no one to hand the resignation to. Violation of the law entails a fine of from \$200 to \$1,000, and from one to five years, but I do not apprehend that Mr. Mount will be apprehended."

## SLAVERY THOUGHT DROVE HER INSANE

### UNFORTUNATE FRENCH WOMAN TAKEN TO MENDOTA.

Papers Issued By County Judge J. W. Sale Sending Mrs. Lucy Du Bois to an Asylum—Officer Brown Had Hard Work to Induce Her to Accompany Him.

Constant worrying on the part of Mrs. Lucy Du Bois, for fear that she might be sold into slavery, has driven the unfortunate woman insane.

After the necessary papers have been issued from the county court by County Judge J. W. Sale, Mrs. Du Bois was taken by Officer Samuel Brown, of this city, to the state asylum for the insane at Mendota.

Mrs. Du Bois is an elderly woman and of late years has made Beloit her home. She has read considerably in relation to the civil war and especially on topics pertaining to slavery.

During the past few days her queer actions lead her relatives to fear that if she was not placed in an asylum she would take her own life.

She raved from morning till night, cursing the southerners who in the early days kept slaves.

In her ravings Mrs. Du Bois would say that she feared the day was coming when she would be sold into slavery.

The unfortunate patient is of French descent and a widow.

Mrs. Du Bois realized that she was being sent to Mendota and fought hard against going.

## ANXIOUS OVER CUBAN AFFAIRS.

Administration Officials at Washington Broad the Outcome.

Washington, May 20.—While the members of the administration are enthusiastic over the progress made by the forces under Gen. Otis in the Philippines, they are becoming anxious over the developments in Cuba, and apprehensive that serious trouble may result before the insurgents are disarmed. There seems to be a conflict of opinion between Gen. Brooke at Havana and Secretary Alger. The former is said to be favorable to the payment of the \$3,000,000 to the insurgents provided they will deposit their arms with the alcaldes or mayors, while the latter takes the views that the arms should be surrendered to the United States government.

Outside the war department Gen. Brooke's position is indorsed. Should Gen. Alger's orders hold, he will force an issue that may, in the opinion of some Cubans, result in driving the insurgents into the field again in an armed resistance. It now remains for the president to decide whether the arms shall be handed to the United States or to the Cuban mayors.

## WEEKLY REVIEW OF TRADE.

Reason Given for the Recent Advance in Iron.

## DEMAND DOES NOT DIMINISH.

Shipments of Boots and Shoes from the East Are Larger—Speculation in Woolen Goods—Cotton Declines and Recovers—The Week's Failures.

New York, May 20.—R. G. Dun &amp; Co.'s weekly review of trade says:

"While the buying of 200,000 tons of Bessemer pig at Pittsburgh gave reason for the advance in price to \$16.50, with gray forge quoted at \$15 per ton, it is not quite as clear as it might be that the output, which was 255,000 tons weekly, according to the Pittsburgh record, and has since been largely increased by the addition of many furnaces, will continue to fall below the demand. For the requirement in various departments for manufactured products, it must be recognized, is scarcely measurable, and does not seem as much diminished as might be expected by higher prices and long delay in delivery. The shipments of boots and shoes from the east have been, for two weeks of May, 22 per cent larger than last year and 50.9 per cent larger than in 1892. Leather shows hesitation. Speculators are doing a large business in wool, some foreign and some American. The orders for woolen goods are decidedly better. Cotton declined a small fraction on Monday, owing to freer port movement, but there was a recovery of all the decline in middling uplands and a net gain in option prices.

"Failures for the week have been 147 in the United States, against 250 last year, and seventeen in Canada, against twenty-nine last year."

## Plan to Help the Freedmen.

Cincinnati, O., May 20.—The Methodist bishops in their recent semi-annual meeting in Syracuse received the committee of the Freedmen's Aid and Southern Education society, which had been appointed by the managers at Cincinnati to devise a plan to relieve the society of indebtedness and provide needed endowment for their fifty schools in the southern states.

It was agreed to create a twentieth-century fund for these schools, to consist of \$1,000,000. The plan provides for the payment of the debt of \$200,000 as follows: Loans will be accepted for one-half this amount, on which interest will be paid semi-annually during the life of the lender, and at death the money will be used to pay the debt. The other \$100,000 will be paid by collections from churches and donations from individuals.

## Do Your Joints Pain You?

A slight indefinite pain in the joints is the first sign of Rheumatism. Then come the aching pains and tenderness, the agonizing cramps, the fever and restlessness that characterize this disease.

When you feel the first slight pain, begin to take Dr. Williams' Pink Pills for Pale People, and the progress of the disease will be arrested. Neglect this and you will regret it.

## Dr. Williams' Pink Pills for Pale People are a Positive and Permanent Cure for Rheumatism.

This remedy expels impurities from the blood and supplies the material for rapidly rebuilding wasted nerve tissues. It has performed hundreds of almost miraculous cures in severe cases of Rheumatism, many times after doctors had given up hope. Read this sworn statement:

Throughout the Empire State there are few persons not in public life who are better known than Mat Tanner, of 231 Hamilton Street, Albany. Although nearing 70 years of age, Mr. Tanner is a hale and hearty gentleman, ever six feet in height, straight as an arrow and with a kindly and engaging manner. Notwithstanding his desire to retire from active business, his well known skill as a veterinary surgeon is so largely in demand that he is still a very busy man.

Some time ago Mr. Tanner became afflicted with rheumatism and was given up to die by the best doctors of Albany and New York. The manner in which he was cured is best told by Mr. Tanner.

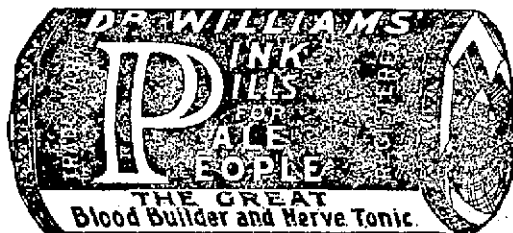

"In 1890 I was taken with rheumatism, which began in my hips and gradually spread throughout my body. For two years and a half I was confined to my bed and during that time, employed nine of the best physicians in Albany, as well as two specialists from New York city. All the physicians declared my case hopeless and finally told me that I had but six weeks to live. When the doctors had given me up, I told them to take their medicine away; that if I were to die anyway, I wanted to take no more of the stuff.

"My niece who knew of the good results attending the use of Dr. Williams' Pink Pills for Pale People by her friends, strongly recommended me to try them. She procured the pills and by the time I had used the first box I felt hungry. As I had had no appetite for a long time, I knew that the pills were doing me good. I continued their use, and after taking several boxes was able to leave my bed and go about with the use of crutches. I then weighed but 139 pounds. As my normal weight is about 240 pounds, you can see how run down I had become during my sickness. After taking thirteen boxes of the pills, I was weighed again and although less than a year had passed, I weighed 207 pounds. I continued the use of the pills and finally was able to abandon the crutches altogether and am now as well as ever."

Sworn to and subscribed before me this 17th day of September, 1898.
